Fieldwork Assessment

Assessment of fieldwork is both formative and summative. Feedback should be provided on a regular basis alongside weekly supervision sessions. Midway and final assessment meetings are an opportunity for student and supervisor to discuss and negotiate student grades. Students are expected to self evaluate, pencilling in where they perceive they have achieved and presenting evidence to support their grading of each competency indicator.

Successful completion of this course requires the student to reach all competency indicators at or above the expected level of performance identified by the shaded box at final assessment.

All competencies should be assessed. If you are unsure how to interpret the indicators in your setting please refer to your manual or contact the Fieldwork Lecturer.

Midway Assessment

- The midway assessment is a formative opportunity to identify student learning needs and provide specific feedback on the areas requiring improvement.
- Fieldwork supervisors should clearly outline what the student needs to do to reach the expected level of performance as identified by the shaded box for each competency indicator by the end of the placement.
- It is essential that the student signs and dates all midway assessment comments.

If there is evidence to suggest the student may not meet the expected level of performance in any given indicator by the end of the placement, please contact the Fieldwork Lecturer immediately.

Final Assessment

- The final assessment should be completed by the student and fieldwork supervisor at least two days before the end of the placement.
- A full report, summarising the placement, is to be completed by the fieldwork supervisor. The student is to complete a reflection and identify future learning objectives.
- The completed assessment should be signed by the fieldwork supervisor and the student.

Fieldwork Supervisors should include the following when writing their reports:

1. For each competency, provide a description and examples of how the student has met the performance indicators and a brief comment on areas that require further development.
2. If any competency has not been met, provide a description and examples of why the student has not met the competency.

Consequence of Failure

If a student has not reached the expected level in **one** or more of the competency indicators, please make recommendations on the final page of this assessment form. The Fieldwork Lecturer can be contacted to discuss your assessment. The school will consider your recommendations in deciding whether the student passes or fails this course.

GRADINGS:

Each indicator should be graded using the five levels described below:

1	2	3	4	5
<p>NOT ACHIEVED Not yet able to demonstrate skills, knowledge and attitudes to perform safely at emerging level in the setting</p>	<p>EMERGING Beginning to demonstrate some of the necessary skills, knowledge and attitudes to perform safely in the setting.</p>	<p>ADEQUATE Demonstrates skills, knowledge and attitudes to perform safely, although with some inconsistency, in the setting.</p>	<p>CONSISTENT Demonstrates sustained and consistent application of sufficient skills, knowledge and attitudes to perform safely in the setting.</p>	<p>EXCEPTIONAL Demonstrates remarkable depth and breadth in the application of skills, knowledge and attitudes, in the setting.</p>

The shaded box indicates the expected level of performance for each indicator.

The example below indicates that a student meets the expected level of achievement i.e. 3 = Adequate

Example of application of grading indicator:

COMPETENCY:

1. APPLYING OCCUPATIONAL THERAPY KNOWLEDGE, SKILLS AND VALUES

PERFORMANCE INDICATOR:

1.3 You use a range of strategies for communicating. You adapt how you communicate to each context, acknowledging and respecting the values, beliefs, attitudes and practices of your clients/tangata whaiora (Māori clients).

1. Not achieved
Student is unable to use verbal/non verbal techniques to establish rapport with clients.
2. Emerging
Student is beginning to utilise verbal/non verbal techniques to establish rapport with clients.
3. Adequate
Student demonstrates the ability to utilise verbal/non verbal techniques to establish rapport with clients, although with some inconsistency. This is where we expect the majority of Performance Indicators to be sitting by the end of Fieldwork 3.
4. Consistent
Student regularly demonstrates effective verbal/non verbal techniques to establish rapport with clients.
5. Exceptional
Student demonstrates excellent verbal/non verbal techniques to establish rapport with clients.

COMPETENCY 4 - Practising in a Safe, Legal, Ethical and Culturally Competent Way

COMPETENCY 5 - Engaging with and Being Responsible for Your Profession

MIDWAY ASSESSMENT

The midway assessment is a collaborative opportunity to identify student-learning needs and provide specific feedback on performance indicators that require improvement. Fieldwork supervisors should clearly outline what the students need to do to reach the expected level of competency as identified by the shaded box for each of the five competencies.

This agreement states that

(Student Name)

- Has read and understood the midway assessment.
- Is clear about what has been identified on each of the performance indicators for each of the competencies.
- Has an understanding of how they can improve their performance from the midway assessment, in order to successfully, meet the requirements of this specific fieldwork placement.
