**ARE YOU LOOKING FOR A
UNIQUE EXPERIENCE IN
WINTER WONDERLAND?**

WHAT ABOUT SPENDING
AN AWESOME TIME AT
LUT WINTER SCHOOL?

LUT WINTER SCHOOL 2015

We invite you to experience high-quality education on a beautiful campus in the winter. You will have an opportunity to learn and think about the relationship between economy, technology, and culture while also increasing your intercultural competence. All the while exploring the breathtaking scenery of Finnish winter!

WHAT?

Exceptional opportunity to combine high-quality learning with a unique cultural experience in beautiful Finland.

WHY?

Enrich your academic experience while making life-long friendships with students from different countries.

HOW?

Simply by submitting the online application form. See the application schedule at www.lut.fi/winterschool

“Apart from acquiring new insights and techniques, you also learn a lot by doing group work and presentations with the other students with different cultural background. I really recommend LUT to everyone who is ready for international study adventure in Finland.”

*International student,
University of Leuven, Belgium*

“The classes were incredible. Not only was the material highly relevant, but the perspectives varied greatly from what I have found at my home university. The professors were sensitive to the cultural differences and provided instruction suitable for everyone, regardless of previous experience. What was even more impressive was the professors’ genuine interest in the students and what they had to offer.”

*International student,
UC Davis, USA*

During the LUT Winter School you

- ➔ **Learn about Finland** and Finnish culture
- ➔ **Learn about other cultures** by interacting in and outside the classroom with other students from diverse cultural backgrounds
- ➔ **Gain interdisciplinary knowledge** of the contemporary relevant topics

Lappeenranta University of Technology

Lappeenranta University of Technology (LUT) is an agile, international science university – a pioneer in combining technology and business ever since 1969. Our strategic focus areas are green energy and technology, sustainable value creation and our role as an international hub of Russian relations. LUT’s operation is solution-focused and characterised by “open your mind” thinking: crossing boundaries open-mindedly, together.
