*Fees are approximate, subject to change and exchange rates

Location	Dunedin
Duration	One year full-time
Delivery	On campus

Credits	120
Level	6
Start	February
Apply	By February

This commercially-focused programme will help you develop your photographic practice to a professional level in an area that you want to focus on.

Whatever kind of career you want to have across professional photography, video or film – this programme will help you develop an industry-ready practice and portfolio along with the specialised skills you need to succeed as a professional. You will work in workshops and on projects with live briefs and clients.

Graduates of this qualification will have the skills and knowledge for various entry-level positions in many areas within creative industries. Those areas might include all aspects of commercial photography, film industry, TV and web TV, advertising, web design, news media, or as self-employed/freelance practitioners.

Graduates may wish to undertake further tertiary study at diploma or degree level in the field of creative arts or business if pursuing self-employment.

Entry requirements

- > Applicants must have completed a Level 5 qualification in a related field OR demonstrate equivalent knowledge and skills.
- > For applicants 20 years of age and over there are no minimum academic requirements.
- > All applicants are also required to submit a portfolio.
- > If English is not your first language, you must provide:
 - > New Zealand University Entrance OR
 - > Overall Academic IELTS 5.5 with no individual band score lower than 5.5 (achieved in one test completed in the last two years), OR
 - > Acceptable alternative evidence of the required IELTS (see here for NZQA proficiency table and here for list of recognised proficiency tests).

If you need to improve your English Language skills, we offer a wide range of English programmes.

Portfolio and written requirements

Portfolio

We require examples of your photographic work (still and/or moving images) and the ways that you develop your ideas. Your examples need to show us your interests and your ability to use a range of techniques.

- > Please send us twelve (12) examples of your photographic work (still and/or moving images).
- > Please submit your portfolio digitally as a PDF uploaded to the OP website. Combine your images into a single digital document and save as a PDF.
- > Please upload any moving image work to a website (e.g. YouTube or similar) and include links as a page of your portfolio PDF. There is a 15MB file size limit for the portfolio upload.

Thank you. We are looking forward to seeing your photographic work.

Covering letter

- > Please write a short covering letter to accompany your application. A double-spaced letter of not more than one page (300 words) explaining why you want to come to study on the program and what your relevant experiences have been to date.

Pathways into the programme

New Zealand Diploma in Digital Media and Design (Level 5)

Selection criteria

Where there are more eligible applicants than places available, applicants will be selected based on the strength of the submitted portfolio and the above entry criteria.

Additional costs

You need to have:

- > a camera for still and moving image
- > an external hard-drive for keeping their digital files (eg. 1TB USB hard-drive)
- > a pair of monitoring headphones
- > a good quality SD card (e.g. Sandisk), minimum 32GB.

Your workload

This is a full-time programme with approximately 15-hours contact time and 20-hours self-directed study per week.

Programme structure

This diploma will provide you with the opportunity to gain professional experience within your chosen specialist field or industry by placing emphasis on self-initiated projects and entrepreneurship, collaboration and professional practice to deliver you the focused skill-set you require for sustainable success in your chosen specialism.

You will study

- > Independent specialisation and client projects in your chosen area of photographic
- > Professional workflow and tools
- > Responding to and adapting live briefs
- > Professional contexts – including working in industry, developing your own business, and small business practices
- > Advanced camera expertise, lighting, post-production and editing
- > Iterative design processes, image analysis and criticism

Further study options

This programme provides a pathway to the Bachelor of Visual Arts or Bachelor of Design (Communication) (Fashion) or (Product).
