

Introduction to MIG welding

Domestic and international fee:
\$602 (including GST)

Please note: This course is not eligible for Fees Free or Studylink funding.

*Fees are approximate, subject to change and exchange rates

Location	Dunedin
Duration	Five weeks (Tuesday and Thursday evenings, 6.00pm-8.00pm)
Delivery	On campus

Start	10 August 2021 Further 2022 dates to be confirmed
Apply	Anytime

Learn how to work safely, how to understand the principles of a MIG welder and how to weld different positions. You will also discover how to weld the different types of welds.

About MIG WELDING

- > Deemed a semi-skilled process easier to learn
- > Welds thicker steel components
- > All industry uses MIG so it's a common process
- > Welds stainless steel, mild steel, aluminium
- > Ideal for work at home (e.g. welding trailers, horse floats, garden furniture and gates).

Please note: Due to health and safety requirements in this course, students must have a reasonable level of English language skills. This course is run subject to sufficient numbers.

Directions

Classes are held in A block, Forth Street. [Click here for a map.](#)
