StudyLink >

\*Fees are approximate, subject to change and exchange rates

Location	Dunedin or online with compulsory block courses
Duration	Six months full-time or one year part-time
Delivery	A mix of online and face-to-face teaching in Dunedin or online with three compulsory block courses in Dunedin or Porirua (Wellington). You must have access to the internet to complete this qualification

Credits	60
Level	4
Start	July

This Level 4 programme is the second part of our health bridging pathway for those that don't yet meet the academic entry requirements for our diploma- or degree-level health programmes.

It's ideal if you already hold a New Zealand Certificate in Study and Career Preparation (Level 3) (our Level 3 Health Bridging certificate).

During this certificate, you'll study core courses such as Function of the Human Body and Introduction to Careers in Health. You'll gain further study skills and knowledge in a supportive environment with guidance and advice from experienced teachers, and benefit from the blended, flexible delivery format, allowing you to fit study around other commitments.

Successful completion of this programme may help you to meet the academic entry criteria for admission to:

- > New Zealand Diploma in Enrolled Nursing (Level 5)
- > New Zealand Diploma in Wellness and Relaxation Massage (Level 5)
- > Bachelor of Nursing
- > Bachelor of Midwifery
- > Bachelor of Occupational Therapy
- > Bachelor of Social Services
- > Bachelor of Applied Science

These programmes also have non-academic entry requirements, so you may need to plan ahead!

This programme is made up of the New Zealand Certificate in Study and Career Preparation (Level 4).

If you don't meet the entry requirements for this Level 4 programme, please apply for our open entry Level 3 health bridging option which has a February start date.

## Working as a healthcare professional

Working as a healthcare professional is extremely rewarding as you'll contribute to the wellbeing of your community and have the chance to really make a difference in people's lives. There is a worldwide demand for qualified professionals to care for and work with individuals, and many of our higher level health qualifications are internationally recognised and will allow you to apply for registration in New Zealand as a practitioner in your chosen field.

## Entry requirements

- > New Zealand Certificate in Study and Career Preparation (Level 3), or equivalent.
- > If English is not your first language, you must provide:
  - > New Zealand University Entrance OR
  - > Overall Academic IELTS 5.5 with no individual band score lower than 5.0 (achieved in one test completed in the last two years), OR
  - > Acceptable alternative evidence of the required IELTS (see here for NZQA proficiency table and here for list of recognised proficiency tests).
- > International students will be individually assessed to ensure you are ready for this study. Click here for your country's equivalent entry criteria.

If you need to improve your English Language skills, we offer a wide range of English programmes.

## Progression to our health-related degrees

Due to the high demand for places, successful completion of the this programme will not automatically guarantee you entry to our health-related degrees.

A minimum B+ average pass, achieved across the four courses during semester two, is required to meet the entry requirements for the Bachelor of Nursing and Bachelor of Midwifery. For Midwifery, this must include at least a B+ in Human Biological Science 2.

These programmes also have non-academic entry requirements including language requirements for non-native speakers of English, so you may need to plan ahead!

Please note: Nursing applicants for whom English is a second language will also need to meet the language requirements for the Bachelor of Nursing, which is an IELTS overall band score (academic) of 6.5. Midwifery applicants for whom English is a second language will also need to meet the language requirements for the Bachelor of Midwifery, which is an IELTS overall band score (academic) of 7.0.

Please contact Otago Polytechnic to discuss your pathway to a health-related degree.  
Email [info@op.ac.nz](mailto:info@op.ac.nz) or phone 0800 762 786.

## Additional documentation

You must supply certified copies of proof of identity and proof of residency (where appropriate).

## Additional costs

We recommend the text *'Introduction to the Human Body: The Essentials of Anatomy and Physiology'* by Gerard J. Tortora and Bryan Derrickson (7th edition or later).

## Programme specific risks

Some courses incorporate practical laboratory sessions which involve chemicals and animal tissue.

## You will study

This programme is made up of health and community courses taught by blended delivery. Weekly tutorial attendance is required. Tutorials will be held on campus if you are based in Dunedin and online if you are based elsewhere. If you are studying by distance, you are also required to attend three compulsory block courses, either in Dunedin or at Whitireia Community Polytechnic, Porirua.

## COURSES (complete all)

Skills for Successful Tertiary Study (Level 4, 15 credits)

To enable learners to access and use information technologies for academic and/or vocational purposes.

Building Communication Competence (Level 4, 15 credits)

To enable students to communicate and collaborate as a speaker and a listener in a learning group.

Human Biological Science 2 (Level 4, 15 credits)

To enable students to understand and apply the basic structure and function of major body systems.

Introduction to Careers in Health (Level 4, 15 credits)

To enable students to progress personal goals for career development in the health profession.

#### Your workload

This is a full-time programme and you should expect to spend around 40 hours per week accessing required learning resources, completing assignments and undertaking self-directed study.

#### Student loans/allowances

Student loans and allowances are for domestic students only. For information about student loans and allowances please visit the Studylink website. It is important to apply for your student loan/allowance at the same time as you apply for this programme, due to the length of time Studylink take to process.

Loan/allowance applications can be cancelled at any time if you decide to withdraw your programme application or if it is unsuccessful.

#### Recognition of prior learning

If you have extensive knowledge and skills due to practical experience in this area, enquire about our recognition of prior learning process at Capable NZ. You may have already gained credits towards this qualification.

#### Disclaimer

While every effort is made to ensure that this sheet is accurate, Otago Polytechnic reserves the right to amend, alter or withdraw any of the contained information. The fees shown in this document are indicative ONLY. Both domestic and international fees are subject to change and are dependent on the development and implementation of Government policies. Please note that additional fees may from time to time be required for external examination, NZQA fees and/or additional material fees.
