Start on your path to becoming a Personal Trainer with this exciting new programme.

Learn how to teach exercise, gain an understanding of human anatomy and physiology, and discover how the role of behaviour change can lead to lasting results for your clients.

With hands-on teaching in our purpose-built gym, Tapuae, and real world experiences out in industry, gain the skills and knowledge you need to become a first-class exercise professional.

Successful completion of this Level 4 Certificate will enable you to apply for registration as a Gym Instructor with REPs NZ (Register of Exercise Professionals New Zealand). Alternatively, you may choose to continue your study with our Level 5 programme which will fully prepare you for the role of a Personal Trainer.

Graduate career options

- > Working with others to provide exercise advice
- > Gym Instructor
- > Personal Trainer (after completing our New Zealand Certificate in Exercise Level 5).

Entry requirements

- > Open entry - no minimum academic entry requirements.
- > If English is not your first language, you must provide:
 - > New Zealand University Entrance OR
 - > Overall Academic IELTS 5.5 with no individual band score lower than 5.0 (achieved in one test completed in the last two years), OR
 - > Acceptable alternative evidence of the required IELTS (see here for NZQA proficiency table and here for list of recognised proficiency tests).

If you need to improve your English Language skills, we offer a wide range of English programmes.

Additional costs

All students will need to wear Otago Polytechnic branded clothing when they are working with clients or are out with industry. We also ask all learners to have a laptop or tablet that they can use for classwork.

Your workload

Full-time students will be expected to study for 36 hours per week. This will include directed teaching, self-directed learning and industry experience hours. If you choose to study part-time, you will need to study for around 16 hours per week.

Courses

Applied Exercise Prescription (Level 4, 15 credits)

Learn how to apply and adapt the fundamentals of exercise prescription to meet the needs of a client.

Applied Anatomy and Physiology (Level 4, 15 credits)

Gain an understanding of human anatomy and physiology and how it applies to movement.

Professional Practice 1 (Level 4, 15 credits)
