Duration	Three years full-time; part-time options available
Delivery	On campus with a major industry project

Credits	360
Level	7
Start	February and July
Apply	until start date

Achieve the academic requirements for Chartered Accountant (CA), Associate Chartered Accountant (ACA) or CPA Australia membership with this internationally-recognised, specialised accounting degree.

Accredited by Chartered Accountants Australia and New Zealand (CAANZ) and CPA Australia, this qualification is the first step towards your career as an accounting professional.

Employment opportunities for Accountants are good due to strong demand for accounting services from businesses and individuals - and this demand is expected to keep rising.

Incorporating case studies, workplace-based or focused assignments, and a major industry project for professional accounting and associated research project, this hands-on qualification has industry experience and connections at its core. This will enable you to gain the work-ready skills that employers are looking for.

You will also gain core business knowledge in management, commercial law, marketing, business computing, economics, accounting, communication, and business, heritage, culture and sustainability.

This qualification puts you in the perfect position to complete the professional requirements for full CA or ACA membership with CAANZ or membership with CPA Australia.

Entry requirements

> If you are under 20, you must have:

> NCEA Level 3

> 14* credits at Level 3 in each of three NZQA approved university entrance subjects, and

> 10 Literacy credits at Level 2 or above, made up of:

> 5 credits in reading and 5 credits in writing, and

> 10 Numeracy credits at Level 1 or above, made up of:

> specified achievement standards available through a range of subjects OR

> package of three numeracy unit standards (26623, 26626, 26627- all three required).

*Due to Covid-19 disruption, if you studied and achieved NCEA Level 3 during 2020 you only need 12 credits per Level 3 subject (i.e. a total of 36 credits).

- > If you are over 20, you must supply evidence of industry experience and/or alternative qualifications such as the New Zealand Diploma in Business.
- > If you are a school leaver or adult applicant who does not meet all of the entry criteria, you may still be given provisional entry to year one at the discretion of the Programme Leader.
- > International students will be individually assessed to ensure they meet degree-level entry requirements. Click here for equivalent academic entry requirements by country.
- > If English is not your first language, you must provide:
 - > New Zealand University Entrance OR
 - > Overall Academic IELTS 6.0 with no individual band score lower than 5.5 (achieved in one test completed in the last two years), OR
 - > Acceptable alternative evidence of the required IELTS (see here for NZQA proficiency table and here for list of recognised proficiency tests).

If you need to improve your English Language skills, we offer a wide range of English programmes.

Bridging options

The New Zealand Diploma in Business (offered at our Dunedin campus) provides a sound initial understanding of business operations and therefore provides a good pathway into this programme. Other programmes of study may also provide bridging options.

COVID-19 vaccination

Under the Government's COVID-19 Protection Framework (otherwise known as the "traffic light system"), there will be restrictions in place around people accessing particular organisations and businesses. Vaccine passes will be in place for these to operate.

This programme has an industry project where you may be placed with an external organisation. To keep our students, staff and community as safe as possible, you'll need to be fully-vaccinated to successfully complete this programme.

Additional documentation

You must supply certified copies of proof of identify, academic records and proof of residency (where appropriate).

Additional costs

You will need to purchase some textbooks and cover any costs associated with field trips.

You will study

Year one

	Advanced Financial Accounting	7	15
	Advanced Management Accounting	7	15
	Organisational Research Design	7	15
	Industry Project for Professional Accounting	7	45
Total			120

Your workload

If studying at our Auckland International Campus

You will be expected to spend about 38 hours per week (or 300 hours per study block) on your course work. This includes both scheduled class time and self-directed study. Some of these hours may be spent in a workplace gaining hands-on experience and developing important industry and business connections.

If studying at our Dunedin Campus

In your first year, course work will require approximately 40 hours of both directed and self-directed study per week. Class sizes are small, allowing for more one-on-one teaching in a supportive learning environment. As you progress through the qualification, directed study hours are reduced as your study becomes much more self-directed.

Next steps to becoming a CA or ACA with CAANZ

Upon successful completion of this academic programme as specified by CAANZ, graduates will be required to complete the following professional requirements to become a CA:

- > three years of approved practical experience under the guidance of a CA mentor
- > the Chartered Accountants Programme.

Upon successful completion of this academic programme as specified by Chartered Accountants ANZ, graduates will be required to complete the following professional requirements to become an ACA:

- > two years of approved practical experience under the guidance of a CA mentor
- > the Professional Ethics Module.

Further information on these membership requirements is available at charteredaccountantsanz.com

Student loans and allowances

Student loans and allowances are for domestic students only. For information about student loans and allowances please visit the Studylink website. It is important to apply for your student loan/allowance at the same time as you apply for this programme, due to the length of time Studylink take to process applications. Loan/allowance applications can be cancelled at any time if you decide to withdraw your programme application or if it is unsuccessful.

Disclaimer

While every effort is made to ensure that this sheet is accurate, Otago Polytechnic reserves the right to amend, alter or withdraw any of the contained information. The fees shown in this document are indicative ONLY. Both domestic and international fees are subject to change and are dependent on the development and implementation of Government policies. Please note that additional fees may from time to time be required for external examination, NZQA fees and/or additional material fees.
